Dear Beading Friends,

Although this newsletter covers our Wing season which starts in January with Happy New Year, I am just getting started with Thanksgiving and holiday preparations. It seems like each year everything is earlier! If you haven't been by since our renovations, they are complete and we still have that "new carpet" smell. It is so nice to have everything so fresh and clean and there is much "new" to go along with it. As I am writing this, I again find myself grateful for all of the wonderful people I have met through my "job". I appreciate your choice of continuing to support "your local bead store". If it were not for you, we would not be here. Thank you.

This season we welcome Kathy King and Liisa Turunen as "first-timers" to our guest teacher roster. They will be teaching in April. We have many returning guest teachers this season and we're looking forward to their visits as well. Please check out our [Classes Page](#) to see a full calendar of classes as well as individual class descriptions. We have several trunk shows scheduled this season which can be viewed on our website's [Events Page](#). If you have not signed up for our emails, you may be missing out not only on email specials but also up-to-date info on all the happenings at "the Castle".

"Beading at the Castle" has become a monthly destination for many of you. On the second Tuesday of each month from 11 a.m.-3 p.m., come and bring your beading (wire work) project, perhaps a friend, lunch (if you want) and meet fellow beaders. Our classroom is yours and help is available on a "if we can help you, we will" basis.

I want to wish all the Wing babies a very Happy Birthday. Remember to come in and receive your gift from us. During the month of your birthday you will receive 20% off one shopping trip to Creative Castle AND we will punch your key card for the amount of your purchase.

2017 begins our 28th year in business. Thank you for your support over the years. Please let us know if there is any beading need you have; we would like the opportunity to help. It is our goal to provide you not only with wonderful merchandise, but also a fabulous environment in which to discover it as well as an extraordinary shopping experience.

Happy beading,

♥ Carole

Pearl Garden for Queen Eleanora

Thu 3/9 (10-5)

\$95.00 + supplies

Prerequisites: Peyote
Level: Intermediate/Advanced
Technique: Peyote

My inspiration, Pearl Garland for Queen Eleonora, has three different medallions styles that link together using small circular links. The combination of pearls, seed beads and a fun new bead shape, makes this design intriguing in its construction and lovely to wear. The necklace ends in two beaded buttons and a connector loop, to keep the focal component centered. A beautiful necklace fit for a Queen!

The Color of Money

Fri 3/10 (10-5)

\$95.00 + supplies

Prerequisites: Peyote
Level: Intermediate
Technique: Peyote

The Color of Money was inspired by the elaborate designs on some of the money chains that I have seen in my research. The pendant consists of three components. The first is a quick and easy bezel around a beautiful cushion cut CZ. The second is a combination of two fabulous components; one is a single 4-holed Swarovski set cup chain component and the other is a Swarovski set metal ring. These two components come together to make an elegant addition to the pendant. The last component is a peyote stitch bezel around a pear CZ that adds a bit of swing and color at the bottom of the pendant. Two peyote stitch spiral cords, each ending with little bead caps, head for the closure of two delicate beaded buttons.

The Mother Lode

Sat 3/11 (10-5) AND Sun 3/12 (10-5)

\$190.00 + supplies

Prerequisites: Peyote
Level: Intermediate/Advanced
Technique: Peyote

A peyote stitch tube, worked in a spiral, represents the Atocha's stash of what they called "money chains". Filling the space between the spirals, are five shapes, beginning with the cushion-cut CZ center. This component has a simple bezel that is extended to create a more "coin-like" shape. The next component is a beautiful flat metal ring, set with Swarovski crystals, beveled and fed onto to a Swarovski pearl stem that allows the metal ring to rotate. The pearl stem is then extended and built around the metal ring. The last component is a beveled trillion CZ. All of the components are confined within the "money-chain" tubes and end with a beautiful Swarovski embellished metal clasp and a beaded safety chain.
